FAREWELL SURPRISE

WAYNE SMITH WHO LEAVES
SOON FOR UNIVERSITY IS
COMPLIMENTED

TRUSTEES' MEETING

HOLD SHORT BUSINESS SESSION
AFTER MEETING AS EQUALI-
ZATION BOARD

A happy thought on the part of Miss Dorothy Hobbs and Jamie Shea resulted in a most delightful little surprise on Thursday evening for Wayne Smith, who leaves soon for Berkeley, where he will pursue his studies for the next two years.

The surprise began at the Palace Grand, where, by a happy chance, as it seemed to him, Mr. Smith and Miss Dorothy Hobbs found themselves in close proximity to a number of intimate friends and members of the Sigma Chi Fraternity, of which Mr. Smith is a member. The surprise deepened when the whole party accompanied them to the home of Miss Dorothy Hobbs, 600 North Central, where music and dancing were the entertainment offered. The hostess, assisted by her mother, Mrs. John Hobbs, served delicious refreshments. Mr. Smith has been a student at the U. S. C. for the past two years where he was initiated into the mysteries of Sigma Chi Fraternity a number of whom came out from Los Angeles to say farewell. The guests invited to this informal, yet delightful affair, were: Miss Rebecca Gregg, Miss Marie Cooney, Miss Genevieve Theol, Miss Dorothy Stack, Miss Katherine Gridstone, and Miss Dorothy Hobbs, Messrs. Wayne Smith, Vivian Ott, Lyman Muir, Gene Settles, Geo. Pringle, Willis Allen and Jamie Shea.

WEATHER FORECAST—Generally cloudy to-night and Saturday.

RESIST THE DRAFT

VIOLATIONS OF CONSCRIPTION LAW REPORTED FROM
OKLAHOMA AND SOUTHEASTERN STATES

(Special Service to Glendale Evening News)

WASHINGTON, August 3.—Threatened armed resistance to the army draft in isolated points of Georgia and North Carolina are being investigated by department justices. Mountaineers and farmers of these regions are reported to have supplied themselves with new Winchester rifles and ammunition to fight the draft. Special investigators have been assigned to make a careful probe and deal harshly with the offenders.

ADA, Okla., August 3.—The first violations against the draft have broken out in Seminole county and are spreading through Comotoc county. The Frisco bridge at Frisco was dynamited and burned, halting traffic for twelve hours. The mob, consisting mostly of tenant farmers and negroes are marching toward the town of Safakwa, threatening to storm hardware stores to secure more firearms. All members of the mob here are armed. In their march through the country they are impressing recruits.

HOT WAVE BROKEN

SEVERE ELECTRICAL STORM BRINGS RELIEF TO MANY
IN HEAT STRICKEN DISTRICTS

(Special Service to Glendale Evening News)

NEW YORK, August 3.—The heat wave appears to have been broken. Rains in the east brought down the fatal temperature. Four men were killed by lightning in the storm which brought relief from the heat. Nearly 200 deaths and 1000 prostrations are reported in New York alone. Boston and Philadelphia report great relief as a result of the rains.

EXEMPTIONS RUN HIGH

PER CENT. DISQUALIFIED IN PHYSICAL TESTS GREATER
THAN WAS EXPECTED

(Special Service to Glendale Evening News)

NEW YORK, August 3.—More than 75 per cent. called for draft examination are claiming exemption. Disqualification for physical disability is also running higher than was anticipated. Most exemption claims are on the plea of the disabled.

FACE INTERNAL TROUBLES

ARTHUR HENDERSON MAY RESIGN FROM LLOYD-
GEORGE'S WAR CABINET IMMEDIATELY

(Special Service to Glendale Evening News)

LONDON, August 3.—France and England both are facing cabinet crises. Arthur Henderson, laborite member of Lloyd-George's war cabinet, will probably resign as a result of the criticism given his participation in the meeting at Paris with Radicals and Socialists of France and Russia. In France two resignations from the Ribot cabinet are regarded as likely—the minister of Marines and the minister of Blockade.

KIMPOLUNG AND CHERNOVITZ FALL

RUSSIAN TROOPS EVACUATE IMPORTANT STRATEGIC
POINTS IN BUKOWINA

(Special Service to Glendale Evening News)

PETROGRAD, August 3.—Kimpolung, a strong strategic point in Bukowina, was evacuated by the Russians to-day, under pressure of Austro-German forces.

AMSTERDAM, August 3.—The capture of Chernowitz by Austrian troops was announced in Vienna dispatches to-day. Chernowitz is an important city of Bukowina, being the capital of the Austrian emperor's royal lands and one of the south pivots of the Russian line.

CANADA LOOKS GOOD TO KAISER

EX-PRESIDENT TAFT BELIEVES DOMINION WOULD BE
FIRST PRIZE CLAIMED BY VICTORIOUS GERMANY

(Special Service to Glendale Evening News)

CHICAGO, August 3.—Canada is to be one of the first prizes demanded by Germany should she be victorious, William Howard Taft, ex-president, declared. The Monroe doctrine would be worthless and the indemnities demanded by Germany would bankrupt the Allies for years to come.

U. S. TO CONTROL SHIPPING

BOARD WILL TAKE OVER ALL SHIPS UNDER CONSTRUC-
TION AND ALL SHIP YARDS

WASHINGTON, August 3.—The commandeering of all shipping under construction in the United States will begin immediately. The shipping board will take over 200,000,000 tons now being constructed and also seize all ship yards.

SOLDIERS' FAREWELL

GLENDALE'S ENLISTED MEN ARE
GUESTS OF GLENDALE RED
CROSS CHAPTER

By Walt, Le Noir Church
As lately demonstrated, time and again, Glendale the Beautiful is also Glendale the Unique. She is always starting something original and interesting to a marked degree.

All that and much more that is commendatory might be said of the soldiers and sailors social reception, musical and oratorical entertainment with the comfort bag "potluck" given last evening by Mr. and Mrs. A. M. Beaman in their lovely and artistically decorated home at Third and Maryland avenue, Glendale.

Mrs. Gibson's High School orchestra, with Miss Elizabeth Mottern at the piano, discoursed sweet music. They played the favorite patriotic airs and then very creditably the difficult but inspiring march from *Aida*, which simply makes one feel enough of the primitive savage to take up a spear and "go forth to conquer."

Mrs. John Robert White, chairman of the committee on punch, was assisted by a coterie of pretty girls, and Mrs. A. C. Andrewson, being indebted for the magnificent dahlias to Mrs. Salo Desky and to Mrs. Packer for other rare flowers. Mr. W. F. Richardson and the Bank of Glendale loaned many flags.

Mrs. Calvin Whiting sang "Bobo-link" and answered an enthusiastic encore with the popular old Scotch song, "And I will marry my own true love." She was sympathetically accompanied by Mrs. Haggard.

Miss Champlain played in a way that at times suggested a whole orchestra and she was also fortunate in her accompaniment to Glendale's young violinist, Julius Kranz, over whose brow already the spirit crown of masterhood is hovering. His sympathetic touch and his most discriminating appreciation of intervals are particularly pleasing. An essential half of his highest art is what the violin does not say "out loud."

The large and deeply interested audience was favored with four speeches. Chairman Braly of the Glendale Chapter of the American Red Cross, in his graceful, entertaining way expressed appreciation for what our soldiers and sailors are undertaking, and the most fervent wish that the great struggle would be over before they reached the firing line. He introduced Mrs. H. E. Bartlett general chairman, appointed by the Glendale Red Cross chapter. That guaranteed efficient and satisfactory results. With her usual consideration and modesty she gave to others most of the credit for the marked success of the undertaking. Her able and faithful assistants were Mrs. A. M. Beaman, Mrs. Stephen C. Packer and Mrs. H. H. Faries.

But the one of all others most deserving of credit for achieving what made that delightful occasion possible is Mrs. A. M. Beaman, chairman of the committee on comfort bags, about 150 of which, filling two large tables, spoke for their beautiful and comfortable selves. Mrs. Beaman had many difficulties to contend with, but she overcame them all as the comfort bags attest. In a very neat and impressive little speech she told the boys how their mothers, sisters, cousins and aunts, with their friends and sweethearts, had faithfully worked to make those bags, and all kinds of good thoughts, good wishes and fervent prayers were sewed into them. Then, except a few already provided for, she gave a comfort bag to each of the following soldier boys: Sergeant Wm. M. Newton, Corporal Clarence Edwards, 1st-Class Private Dr. E. Head, Corporal Donald H. Packer, Private Frank E. Budway, Private Howard L. Anderson, Private L. G. Jones, Private R. E. Dodsworth, Private Edward E. Moniot, Bugler Ralph W. Carmichael, Corporal Geo. Grist, Miller W. Fishel, Private Howard W. McGillis, Private Arthur J. Budway, Private H. M. Anderson, Joe J. Fishel, John H. Collage, Alfred W. Knight, master gunner, Harold McElroy, master gunner, Lieutenant D. W. Medler, John Carleton Padelford, Sergeant L. A. Lewis, Corporal J. H. Flower, Private G. Dopp, Private O. D. Keese, Private P. F. Snyder, Sergeant W. S. Jackson, Surgeon Paul Brown, Field Hospital National Guard, Private Earl O. Brown, Ed Sadler, Engineer, Arthur Hutchinson, Russell M. Stanton, L. Leppelman, Harry Chase Rand, Frank B. Midgley.

It is worthy of note that in the naval examination for gunners, out of 17 tested only 3 were accepted. They were promoted to the rank of "Master Gunner." Two of them are

CULTIVATE A "MARKET BASKET" ARM

Your great-grandfather carried a market basket when he went a-buying and your great-grandmother didn't know what a delivery wagon looked like.

Great-grandfather didn't consider it beneath his dignity to "tote" his purchases home and great-grandmother never bought a spool of thread, had it charged and then asked that it be promptly delivered.

Today the average "big" store keeper pays from \$10,000 a year upward in carrying his customers' packages homeward.

It costs more than a cent to ship a California orange 3,000 miles to a consumer in the east, but your fruit dealer two blocks away will charge you double that commission to bring it to your home for you.

Three of the busiest and "always-on-the-job" factors in the high cost of living are: "Have it charged," "Have it delivered," and "Have it Exchanged."

Merchants cannot work for pleasure; they must make both ends meet. This applies to the dry goods dealer, the groceryman, the butcher—and all the rest. When you insist—and thousands of others insist, too—that your purchases shall be either charged, delivered or exchanged, it is "Good Night, Economy!"

Cultivate a "market basket arm!" Carry your bundles home.

If you will do this, you not only will be aiding the State Council of Defense in reducing the cost of living for every California consumer, but you also will release for national military service hundreds of men now engaged in delivering to your homes the bundles which great-grandfather and great-grandmother weren't too proud to tote home themselves.

STEEL SCARCITY THREATENS

That the Pacific Coast is threatened with an iron and steel shortage which will become acute about the first of the coming year and that in addition to a dearth of structural steel products there also is a scarcity of drill stem pipe which will seriously affect California's oil production, is the text of a report just made to Governor Stephens and the State Council of Defense by the Committee on Manufactories of that body.

The report, which is predicated upon exhaustive investigations covering the entire state and national conditions, is made by Dr. J. C. Merriam, a member of the State Council, and by Prof. Stuart Daggett, of the University of California.

As a partial remedy to the threatened shortage, the committee recommends immediate steps to develop California's iron ore resources, and the establishment of steel mills in this state, and the placing of an immediate embargo upon the exportation of scrap iron to China and Japan.

According to the report, the scarcity of scrap iron and the inability to secure it for manufacture into oil well tools will cause a falling off in the production of oil in this state by next September.

The threatened shortage of steel, says the committee, is due to the failure of national production to keep pace with the tremendously increased demand for export, ship building, and for naval and military purposes of the United States Government.

Commenting upon the increases in the price of steel products, the report states that since 1914 the prices on practically all steel products have more than quadrupled. Steel billets, which in May, 1915, sold for \$20 a ton are now bringing \$100. The increases in price have been general throughout the country.

Commenting upon future conditions, the committee predicts that because of the big demands by the United States and Allied governments, steel will become more and more difficult to secure. Under present conditions, the report says, delivery on many articles require from ten to twelve months and even longer.

"Although the normal output is being maintained at present, stocks are declining and new supplies are becoming increasingly more difficult to get," reports the committee. "Among the iron and steel products which are extraordinarily difficult to obtain may be mentioned sheets, pipe, including drill stem, boiler and condenser tubes, scrap iron, turbines, water wheels, motor generators, and large station equipment for gas and electric companies. This list is not exhaustive. The scrap iron situation is considered by foundrymen to be very alarming. Oil producers declare emphatically that their inability to buy drill stem pipe will cause a falling off in the production of oil in this state by next September."

In addition to urging that California's iron ore deposits be developed and steel mills be established here, and that exportation of badly needed scrap iron to China and Japan be stopped, the Committee on Manufactories also recommends to the State Council of Defense that "If it is practicable by any means to produce commercial iron and steel on this coast at a time when supplies are greatly needed here and throughout the Nation, and by the Allies of this country, it is proper that the State Council of Defense and its committees assist in the promotion of this work to the extent of calling attention to its present importance."

The Glendale Evening News should be delivered at your home by the carrier not later than 4:30 p. m. every day except Sunday, and usually much earlier than that time. Subscribers who have not received their paper at 4:30 o'clock, should notify the office by phone: Glendale 132, Home 2401.

A couple were recently married. The ceremony over, the wife began to weep copiously. "What's the matter?" asked the new husband. "I never told you that I don't know how to cook," sobbed the bride. "Don't fret," said the husband. "I'll not have anything to cook; I'm an editor."—Exchange.

ANIMALS IN FIRE

Most animals are afraid of fire, and will fly from it in terror. To others there is a fascination about a flame, and they will walk into it, even though tortured by the heat.

A horse in a burning stable goes mad with fear, but a dog is as cool in a fire as at any time. He keeps his nose down to the floor, where the air is purest, and sets himself calmly to finding his way out. Cats in fire piteously. They hide their faces from the light and crouch in corners. When their rescuer lifts them they are as a rule quite docile and subdued, never biting or scratching.

Birds seem to be hypnotized by fire, and keep perfectly still; even the loquacious parrot in a fire has nothing to say. Cows, like dogs, do not show alarm. They are easy to lead forth, and often find their way out themselves.

FIRST CHILDREN'S MARKET

The first Juvenile Vegetable Market was held yesterday on the corner of Broadway and Louise, the site of the municipal bandstand. Young merchants brought vegetables and fruits raised in the home garden and sold to interested patrons. From 8 to 10 o'clock a. m. business was brisk; by 11 o'clock everything was sold out. The star merchant was Lawrence Simon, aged 11, who sold quantities of delicious young corn. Country Gentleman squashes and other early produce. Mrs. James Pearson and Mrs. G. W. Henderson acted as guardians.

I call that man idle who might be better employed.—Socrates.

Mr. Herron has ordered the Tri-City Progress (weekly) mailed to his Long Beach address that he may keep in touch with what Glendale people are doing.

MRS. SMITH IN NEW LOCATION

Mrs. Anna L. Smith, who may be said to be a pioneer in the millinery business in Glendale, has moved from 1024 West Broadway and is now nicely located in the new Kent building on Brand Boulevard, in rooms especially built for her, and arranged for her needs.

Her reception room is very tastefully and beautifully, though simply furnished. Everything is in white, including the display window, tables, mirrors, chairs, racks, counter and cupboards, while the tinted walls, rugs and screens combine harmoniously.

In the rear are a well lighted work room with cupboards for additional stock and a stock room sufficiently large to be used as a work room also at rush times.

A writing table, fitted up with the necessary articles is a convenience the patrons of the store will appreciate.

In the more than five years that Mrs. Smith has been in the millinery business in Glendale, she has endeavored to make her store an asset to the community. She has made it a point not to use cheap materials, at the same time turning out hats that are reasonable in price, reflect the season's styles and are becoming to those who wear them. Her methods have won for her a large clientele of Glendale maids and matrons who know that Mrs. Smith will stand back of her hats, while patrons who come from Los Angeles to her shop are not a few.

The time was, when women bought hats in the spring and fall, but the millinery business is an all-the-year-round business now. Mrs. Smith states that the month of July was one of the best months of the year for business and August is starting out briskly. Women are buying summer hats, and white is the popular color just now.

THE JENKINS' GUESTS

Mr. and Mrs. J. A. Jenkins and son Charles, of 1315 Campbell street, who are entertaining Mrs. E. J. Muir and little daughter Louise, have been enjoying recently a number of little social affairs given in honor of their house guests. On Sunday they motored to Ocean Park, where they were dinner guests of friends. Wednesday Mrs. Jenkins entertained at luncheon, Mr. and Mrs. Ernest McDonald, Chester and Florence McDonald being invited to meet their guests. Thursday evening Mr. and Mrs. Jenkins entertained informally at six o'clock dinner. Fresh-cut roses from the hostess' own garden made the table most artistic. A musical evening followed. The guests enjoying the hospitality of Mr. and Mrs. Jenkins were Mrs. E. J. Muir and Louise Muir, the honored guests, Mr. and Mrs. Tom McCartney and Mrs. Stella Chapman of Los Angeles.

BIG UNION MEETING

Dr. Howard Agnew Johnston, personal work expert of the Billy Sunday party, also a world traveler, a writer, lecturer, and pastor, will speak at a union meeting of all Glendale churches at the First M. E. church next Wednesday evening, August 8th, 7:45. All the large churches of Southern California have been trying to secure Dr. Johnston, but the local committee were fortunate enough to secure the only open date. This will be an opportunity for the citizens of San Fernando valley to hear a speaker who has no superior, and few if any equals anywhere in the country.

There will be no offering and there will be no appeals for money. Everybody is cordially invited to be present. Remember the place, M. E. church, Third and Kenwood, August 8th. Pastors and church officers will see that this announcement is made to their congregations.

UNION ENDEAVOR SERVICE

Sunday evening, August 5, there will be an union consecration meeting of all the Endeavorers of Glendale, Tropico and Eagle Rock, at the Glendale Presbyterian church. Topic, "How Men Cheat Themselves." Prov. 14:12; Psa. 1:1-6. Miss Ethel Preston, leader. R. La Porte, Quiet Hour Supt. of the district, will have charge of Quiet Hour at six o'clock. It is earnestly requested that all Endeavorers from other churches will be present at this meeting, as it will be full of inspiration and blessings for those who attend. A most cordial invitation is extended to everyone, whether an Endeavorer or not. Strangers welcome.

Mr. and Mrs. F. A. Field of 239 South Kenwood were hosts at a most enjoyable little dinner on Tuesday evening. The well-appointed dinner table was centered by a most charming combination of enchantress carnations, crepe myrtle and greenery, and a bountiful four-course dinner was served to the following guests: Mr. and Mrs. David Black and Mr. and Mrs. R. P. Isitt.

Mr. and Mrs. C. S. Westlake, 1458 Oak street, accompanied by their grandson, Earl Clemmons, have gone to San Francisco for an extended stay.

Mr. and Mrs. Francis M. Shumate of 1424 West First street expect to leave the middle of August for a visit of several months in Kentucky.

THIRTY-THREE ADJUSTMENTS MADE

H. M. Butts and the Glendale Police Department made lamp adjustments on thirty-three automobiles last evening at the Monarch Co.'s place of business, 421 South Brand boulevard. There are many machine owners who have not had lamps adjusted yet and they will be in time this evening waiting their turn. The O. K. card you received from an authorized official may save you considerable embarrassment when out driving at night on the public highways.

THE GLENDALE MUSIC CO.

The entertainment given under the auspices of the Glendale Music Co. Thursday evening in their show parlors, 1110 West Broadway, was largely attended and the performers gave evidence of great talent. A more extended account of the event will be given in to-morrow's Evening News.

Music and Fancy Dancing

Herbert Henning is responsible for the dance music. You know what that means.—the music will be excellent—in all ways O. K.

The entertainers are among the best. One will be Curtyne Engled, a student of the Egan School, Los Angeles, former Premier Dancer of the Lombardi National Grand Opera Co. on Orpheum circuit. A native of Maryland—a noted dancer since childhood—an artist in all kinds of difficult and beautiful dancing. James Busch of Egan School, will sing in his high male soprano—"Laddie in Khaki" That song is all the rage now.

At the very crowded reception given to the soldiers and sailors last night by Mr. and Mrs. A. M. Beaman, Third and Maryland avenue, assisted by many friends, the chairman of the Glendale Chapter of the American Red Cross mentioned this social and dance in most complimentary terms and urged every one to go because while not given under the auspices of the Glendale Red Cross officially, it is given for the benefit of the Glendale Red Cross by people directly connected therewith who are among its most faithful and efficient workers. But the most vital interest in the social and dance arises from the fact that its primary object is to give a royal good time to our soldiers and sailors who are soon to leave home to take the needed training required by the army and navy before they are permitted on the firing line. One good way for patriotic Glendaleans to show public appreciation for our soldiers and sailors is to be at Masonic Hall to-morrow (Saturday) night, if only long enough to give the glad hand to the boys and wish them Godspeed and a safe and honorable return.

THE SOLDIERS' FAREWELL

(Continued from page 1)

Glendale boys, Alfred Knight and Harold McElroy.

Among the prominent people present were Mr. and Mrs. C. O. Pulliam, Mrs. Barton, Mr. J. E. Phillips, Mrs. Mabel Franklin Ocker, Mr. and Mrs. Nichols, Mr. and Mrs. John Robert White, Mrs. W. J. Smith, Mr. and Mrs. Bright, Mrs. Ella W. Richardson and Paul Richardson, Mr. and Mrs. Von Oven, Mrs. Merrill (who has four nephews in the army, two present), Mr. H. E. Bartlett, Mrs. Sadler and Miss Sadler, Mr. Carmichael, Mr. and Mrs. McGillis, Mr. Whiting, Mr. Norton, Mr. and Mrs. Bert Woodard, Mrs. W. E. Evans, Mrs. Edwards, Mr. and Mrs. Knight, Mrs. Ben Nichols, Mrs. Alex Mitchell, the mother and wife of Rev. McCrea, missionary to China, Mrs. Cowert, Mr. and Mrs. Duffield, Mr. and Mrs. A. C. Andrewson, Mr. and Mrs. C. F. Parker, Mrs. Tilden and daughter Dora, Mr. Stephen C. Packer and daughter Doris, Mr. and Mrs. McElroy, Mr. Cowan, Reverend Henry, Mottern, Mills and McCrea, Dr. and Mrs. Lucas, Mr. and Mrs. A. D. Storr, Mr. and Mrs. Camargo and many others.

The army and navy boys and their friends generally are expecting to attend the social and dance given in their honor (for the benefit of the Red Cross) at Masonic Hall to-morrow (Saturday) evening. Chairman Braly particularly urged all Red Cross people to patronize that entertainment, for which great things are promised. Each soldier and his lady are admitted free; all others, 25 cents.

Vice-Chairman McCrea of the Glendale Chapter Red Cross made a remarkable speech to the soldier boys. He impressed on them the stern fact that they were enlisted in a fight which is older than history, the fight of the great majority of mankind against the monstrous claim of the few that "might makes right."

Six centuries before Christ the free cities of Greece, Athens and Sparta, won that fight, then lost it. Jesus died on the cross in that same fierce fight, for there was a civic side also to His great mission.

Arnold Winkelried died to free Switzerland from Austria. Thousands in the Revolution of 1793 perished to free France. In 1776 we had our own great fight for liberty, and won. But all down the line, it has been the same old struggle of Truth against Falsehood, of Good against Evil, of the constructive principle in Nature against the destructive principle. Now, for the first time after 40 years of unprecedented preparedness, the greatest representation of the destructive principle on earth, the Prussian autocrat, tries to destroy all human liberty and make himself dictator of the world in a great world war. It is a world war literally. It is our war. You do well to go and give all, even life itself, for victory. To-day Glendalean mothers say, as the old Roman mothers said: "My boy, go, fight, and come back to me with your shield or on your shield."

DOUBTFUL

"Is your husband a regular attendant at lodge?"

"I wouldn't say that exactly, but he takes a night away from home regularly every week for that purpose."

INDUSTRY

"Bliggins says he got on by burning the midnight oil."

"Well, keeping late hours did help him somewhat. He danced all night three or four times a week till finally he met a rich girl and married her."

—Washington Star.

LA CRESCENTA

Mrs. D. E. Wetherbee and Mrs. C. D. Miller, who have been camping at Switzer's for the past week, have returned much benefited by the trip and report such a good time they were loath to return.

The county librarian made a trip to our branch and left a lot of new books, fiction and others. Come over and get some. Library is open Tuesdays and Fridays, 3 to 5, and Saturday evening, 7 to 9.

These are times of sacrifices. America must give of herself as England and France have already done. Our Red Cross needs money and workers. Classes, Tuesdays and Thursdays, 10:30 a. m. to 4:30 p. m. at the school house. All welcome, even if you can't join, come and work a few hours.

Mr. and Mrs. Shriner are happily enjoying a brief visit from their son Herbert, who enlisted quite some months ago.

"He heard his country's call

And his regiment didn't need to send to find him.

He cracked his job and joined them.

So the job before us all

Is to help our boys and all the rest

That joined them." (Apologies to Kipling.)

Mr. and Mrs. Beiscar had some of their boys with them for a brief stay.

Mr. J. B. Jackson's house on Michigan boulevard is rapidly going up and will be a wonderful addition to that locality.

The peaches—have you ever seen their equal? Mr. Bissell reports some 3 1/2 inches in diameter. Mr. Hauber is hauling full loads of Crawford to market and all the busy housewives are canning and preserving and otherwise preparing to defeat the H. C. L. next winter.

Mrs. Curtis Hargett (nee Gladys Thompson) spent Wednesday with her parents.

The La Crescenta Improvement Society met Friday night and a grand rally to increase the membership was the general topic of the evening.

Mrs. A. C. Cobb has a new little runabout Ford that will give her lots of pleasure where her big car means work.

Mrs. H. A. Bruce is anticipating a visit from her daughter, Mrs. M. Schieferstein, and friend, Mrs. Scible, from Chicago in the near future.

Our Red Cross has 65 members. The boys at the front look to "us" to take care of them. Are "you" one of "us"?

SUNLAND

H. Freeman and family returned home Tuesday after a ten days' stay at Santa Monica.

Mr. and Mrs. L. T. Rowley motored to San Diego Saturday to attend the monthly meeting of the secretaries of the Chamber of Commerce, which convened at that place. A full attendance and a splendid time is reported. Mr. and Mrs. Rowley returned home Sunday evening.

Mr. and Mrs. C. C. Harding, who have been very ill, are much improved and able to be up.

Miss Culver of Tujunga, and a friend from Los Angeles, were callers at the Red Cross meeting Tuesday. It was suggested that the Tujunga Red Cross and the Sunland Red Cross meet together in the park for an all day work meeting Friday of the coming week. Quite a number of the ladies are knitting socks for the soldiers.

It has been necessary for Mr. Allen Richardson to purchase another truck to handle the large amount of fruit that is being taken to market from Sunland. The early peaches and plums are an abundant crop and are bringing good prices. The late peach trees are so full that a second thin
